

Many of the students have a dream of getting a corporate job. In the era of Global competition and professionalism, perfect attitude plays a very great role. The first hurdle a student faces is how they can easily clear the entrance phase. A fresher in a corporate world is more like Alice in wonderland. They do not know what to do, how to proceed, how to behave and stand confused in a crowded room with people running here and there doing their jobs.

Not everyone is lucky enough to have a mentor to guide them wisely through, so that their initial step into the working world is smooth. Keeping this into frame, Placement and training department, DAV College, Jalandhar is organising a workshop for "CORPORATE PERSONALITY DEVELOPMENT" that will provide the students training for Resume writing, Group discussion, Mock interview and Confidence building. Students will get a chance to interact with experts and will be trained enough so that they easily clear these steps where ever they go.

**DAV COLLEGE
JALANDHAR**
